REMEMBER...

SMOKEY HAS FOR FIFTY YEARS

18USC580

We are pleased to present the 1994 Cooperative Forest Fire Prevention Campaign Catalog, which has been designed to reflect a very special occasion — the 50th Anniversary of Smokey Bear.

Inside you'll find a new collection of commemorative items featuring Smokey Bear's prevention message. We encourage you to use this catalog and incorporate these items into your wildfire prevention and education activities.

In a departure from years past, Smokey Bear's 50th Anniversary catalog sports a new look. Commemorative items are presented in natural surroundings, and many of the items featured this year are based in part on user's feedback and input. But they serve only as the beginning of what we hope will be creative and educational venues to better reach the American public — from young schoolchildren to community leaders.

During this special anniversary, we ask for your continued support to help educate the public on the importance of preventing unwanted forest fires. We also thank each of you for helping to keep Smokey's message alive and meaningful for people of all ages. "Remember... Smokey Has For 50 Years."

Best wishes to all of you for an exciting and productive anniversary year!
